

### **Cagamas pumped to run for charity**

Participants from Cagamas comprise men men and women who are seasoned marathon runners as well as newcomers. Lucia Wee says, "It's a one-of-a-kind event. I'm actually looking forward to it as I'm a newbie, and looking at pictures from the previous races I have to admit that it looks pretty fun!"

Mazlina Saidi, senior vice-president of the Human Capital & Administration Department, says Cagamas' CSR activities are focused on the underprivileged and run on a modest annual budget allocation.

Watch out for the Cagamas team, as they have been doing long-distance training and gym workouts.
