About

Cagamas Berhad, the national mortgage corporation, was established in 1986 and began operations in 1987 to promote the secondary mortgage market in Malaysia. Cagamas has, through the years, evolved and diversified its business model from that of a national mortgage corporation seeking to aid Malaysians with affordable housing, to becoming a leader in securitisation. It borrows money by issuing debt securities and uses the funds to finance the purchase of housing loans from financial institutions, selected corporations and the Government. The provision of liquidity at a reasonable cost to the primary lenders of housing loans encourages further financing of houses at an affordable cost.

Cagamas

Through the years, Cagamas has issued large amounts of fixed and floating rate notes to purchase housing mortgages, industrial property loans, hire-purchase, housing mortgages, industrial property loans, leasing debts and credit card receivables from the financial institutions on a full-recourse basis.
