About Cagamas

Cagamas Berhad (Cagamas), the National Mortgage Corporation of Malaysia, was established in 1986 to promote the broader spread of home ownership and growth of the secondary mortgage market in Malaysia. It issues bonds and sukuk to finance the purchase of housing loans from financial institutions and non-financial institutions. The provision of liquidity to financial institutions at a reasonable cost to the primary lenders of housing loans encourages further expansion of financing for houses at an affordable cost.

The Cagamas model is well regarded by the World Bank as the most successful secondary mortgage liquidity facility. Cagamas is the second largest issuer of debt instruments after the Government of Malaysia and the largest issuer of AAA corporate bonds and sukuk in the market. Since incorporation in 1986, Cagamas Group has cumulatively raised funds circa RM409.7 billion worth of corporate bonds and Sukuk.

Cagamas' bonds and sukuk continue to be assigned the highest ratings of AAA/Stable/P1 by RAM Rating Services Berhad and AAA/MARC-1 and AAA_{IS}/MARC-1_{IS} by Malaysian Rating Corporation Berhad, denoting its strong credit quality. Cagamas is also well regarded internationally and has been assigned local and foreign currency long-term issuer ratings of A3 by Moody's Investors Service Inc. that are in line with Malaysian sovereign ratings.
